- Battery life, talk and standby times depend on network configuration, signal strength, features selected and customer usage patterns.
- Check with your service provider for roaming arrangements, service plans, and supported features and services.
- Requires activation with appropriate data plan. Check with service provider for availability, costs and restrictions.
- The BlackBerry® Torch™ 9800 smartphone supports Wi-Fi 802.11b/g/n. Not all BlackBerry plans support Wi-Fi® access to BlackBerry services. Check with your service provider for availability, costs and restrictions.
- For a complete list of supported media file formats visit www.blackberry.com/go/mediatypes
- The BlackBerry Torch 9800 smartphone accepts microSD cards of various sizes; the amount of storage is determined by card capacity. MicroSD cards may be sold separately.
- Supports all A2DP Bluetooth® accessories.
- Use only those accessories approved by Research In Motion. Using any accessories not approved by Research In Motion for use with your BlackBerry smartphone may invalidate any approval or warranty applicable to your BlackBerry smartphone and may be dangerous.

When you subscribe for, acquire or use third-party products and services with RIM products or services, you accept that: 1.
